DETAILED ACTION

1. This action is responsive to communications: the application and IDSs filed on 4/19/01, priority 5/7/99.
2. Claims 1-18 are pending in the case. Claims 1, 14 and 18 are independent claims.

Priority

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Conclusion

4. This application is in condition for allowance except for the following formal matters:

The specification is objected to because of the following typographical errors:

- the "client computers 6.8." (page 5, line 34, page 6, line 1): the "6.8" is not proper; it appears that it should be "client computers 6 and 8" since as seen in figure 1, there are two client computers 6 and 8
- the "category data 38" (page 7, line 21) and "category data 18" (page 7, line 23): as in figure 2, the reference number for the category data is "38", and thus, the "18" is not proper
- the "Figure 7" (page 10, line 16): it appears that it should be Figure 9 since figure 7 does not have the left hand portion showing a series of hypertext links with all of the graphical data from the source page removed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
